

## **Terms and Conditions for WAVE Climate Data Aggregation for Ships (WACDAS) (English)**

### **✓ Conditions of use**

- WAVE Climate Data Aggregation for Ships(WACDAS)(hereby referred to as “the application”), including the main module, may be installed on multiple computers within (a single location of) the company. The application shall not be leased, sold, distributed or sublicensed to any third party.
- All or a part of the application shall not be used for purposes other than structural assessments based on “Guidelines for Container Stowage and Securing Arrangements (Edition 3.0 or later)” published by ClassNK (hereby referred to as “the ClassNK Guidelines”).
- The application shall not be modified, altered, adapted, disassembled, decompiled or otherwise reverse engineered in any way.
- All technical information and knowledge, such as know-how or data structure, etc., acquired through the use of this application shall not be provided to any third party.
- The application shall not be reproduced without the prior written consent of ClassNK. The application and any copies thereof shall be returned or destroyed at the request of ClassNK.
- ClassNK reserves the right to a claim against the company or users for damages it suffers as the result of any unauthorized use of the application or its associated services.
- ClassNK may amend these conditions at any time it deems necessary, without prior written notice to users. However, in cases where it is deemed that users shall be significantly affected by any amendment of these conditions, ClassNK shall inform users thereof by issuing a written notice with a reasonable notice period.

### **✓ Copyright**

- All intellectual property rights, including any copyrights, trademarks, etc. for the application or any associated services remain the sole property of ClassNK and/or the application development company. Users are only granted a non-exclusive right to use this application in accordance with these conditions.

### **✓ Disclaimer**

- It is assumed that this application is used in accordance with the provisions of the ClassNK Guidelines.
- ClassNK, its employees or related parties shall not be responsible for any claims attributable to errors, omissions, or other inaccuracies in the information or results provided by the application, and in no event shall ClassNK be liable for direct, indirect, special, incidental or

consequential damages or losses arising out of the use of the application, such information or results.

- ClassNK does not guarantee that the application is free from errors, defects, discrepancies with the ClassNK Guidelines or differences due to practical application; moreover, ClassNK does not guarantee the accuracy of any calculation results obtained using the application.
- The application content is subject to change (e.g. improvements or corrections) without notice.
