

**Order amending the order on the installation and testing
of fire-extinguishing systems
with mixed atmospheric gases in engine spaces in ships**

Section 1

In order no. 643 of 13 June 2014 on the installation and testing of fire-extinguishing systems with mixed atmospheric gases in engine spaces in ships, the following amendments shall be made:

1. *Section 8(2) and (3)* shall be as follows:

"Subsection 2. The shipowner/master shall ensure that the system is checked at least once a year by a person/company which is familiar with the task and has the required knowledge about the applicable regulations in this area.

Subsection 3. The ongoing inspections, etc. shall be documented on board."

Section 2

This order shall enter into force on 1 July 2017.

Danish Maritime Authority, 22 May 2017
