

# Certificate for Seafarer Recruitment and Placement Services in Accordance with Maritime Labour Condition (MLC, 2006)

- This certification is provided to seafarer recruitment and placement service providers to certify compliance with Maritime Labour Convention 2006 (hereinafter referred to as “MLC2006”).
- ClassNK will certify that the seafarer recruitment and placement service providers conform to the standards set out in the applicable code (1.4) of MLC 2006 in accordance with the company’s quality standards.

## What is the benefit ?

- MLC 2006 certification demonstrates your organization's ability to meet the requirements and needs of customers (ship management companies, ship owners, etc.).
- Appeal to potential customers with your certified ability to meet customer's requirements and needs.
- Enhance customer confidence and satisfaction, to increase business.
- Certificate of MLC2006 demonstrates to port state control officers / SIRE inspectors, that your seafarers are provided by a qualified recruitment and placement service provider.
- Provides a competitive advantage over non-certified companies.

## Why ClassNK ?

- Highly trained and qualified assessors with extensive experience and specialized knowledge in the fields of MLC 2006 and commercial shipping.
- Assessors available all over the world and their ability to respond quickly to client requests.
- Assessments available in English, Indonesian, Turkish, Thai and other languages.

## What are the requirements ?

Under MLC2006, seafarer recruitment and placement service providers are required to establish, implement and maintain a quality system complying with the requirements regarding;

- no fees or other charges for seafarer recruitment and placement or for providing employment to seafarers,
- prohibition of using means intended to prevent or deter seafarers from gaining employment,
- establishment of appropriate procedures for complaints concerning providers' activities,
- maintaining of an up-to- date register of all seafarers,

etc., which are stipulated in the code (1.4) of the MLC 2006. In addition, the quality system shall include the following matters as appropriate;

- Minimum age
- Medical certification
- Qualifications of seafarers
- Seafarers' employment agreements
- Hours of work or rest
- Food and catering
- Health and safety and accident prevention
- On-board medical care
- Payment of wages
