Notice of The JAB Accreditation Symbol Renewal

NIPPON KAIJI KYOKAI (ClassNK) has been accredited as a product certification body by Japan Accreditation Board (JAB) for wind turbine type certification and wind farm certification. The JAB Accreditation Symbol, which indicates that the certification body and services are accredited, was changed in March 2020, and the existing accreditation symbol will no longer be used at the end of February 2024.

ClassNK will use the new JAB Accreditation Symbol on web pages, certificates issued, etc., from February 15, 2024.

If you have obtained ClassNK certification, and the ClassNK certification mark and JAB Accreditation Symbol were used for your web pages, catalogs, business cards, etc., you will need to change them to the new JAB Accreditation Symbol.

Please note that the accreditation symbol cannot be used independently and must be properly used together with the ClassNK certification mark. For details, please kindly refer to [NKRE-AP-0001 "Guidelines on the Use of Certification Documents and Symbols"](#)

If you have any questions regarding this matter, please contact us at the following address.
